# A MESSAGE FROM OUR EXECUTIVE DIRECTOR AND BOARD PRESIDENT

Dear Friends,

**We are thrilled to be celebrating 40 years of service to students, families, and the community of the West Contra Costa Unified School District.**

When Proposition 13 was passed in 1978, our district faced budget cuts that would dramatically impact the quality of education in our schools. As they have done time and time again, our community banded together on behalf of our children to demand an equitable education. By 1983, the West Contra Costa Public Education Fund (Ed Fund) was born.

Throughout the years, the Ed Fund has provided grants to classrooms, community partners, college scholarships and recognized the tremendous work of our teachers. Our work this past year continues this tradition while deepening our role as an intermediary fund development organization for WCCUSD. We are dedicated to forging partnerships, mobilizing resources, and supporting equitable systems to ensure West Contra Costa County's students have what they need to realize and achieve their biggest dreams. Working with the district and our philanthropic community, we proudly contributed \$705,860 to support key district initiatives, \$147,743 in programming support, granted over \$75,000 to our classroom and teachers, and an additional \$119,500 from the Ed fund to support district requests for funding - over \$1 million in all! These funds have forwarded major district initiatives, pandemic recovery, social-emotional supports, STEM education, literacy, professional development for teachers, and so much more that you will read about in this report.

The 2022-2023 school year was a challenging one for our kids, teachers, and schools as they transitioned back to in-person learning. As the year kicked off, the effects of distance learning were immediately felt. Students and educators struggled with mental health challenges, dysregulation, and serious concerns about lost instructional time. One of the most effective ways the Ed Fund met this challenge was through our fiscal sponsorship program. This past year, the Ed Fund supported over 50 organizations and individuals working in our schools, providing over \$4.5 million in programming to our kids. Through the work of mental health providers, after-school programs, and caring adults, the Ed Fund's mission reached a record number of students through our incredible fiscal projects when they needed it most.

**We want to thank all our Ed Fund supporters for an incredible 40 years!** We hope this report inspires you to start or continue your partnership with the West Contra Costa Public Education Fund. Please visit our website at [www.edfundwest.org](http://www.edfundwest.org) for more opportunities to be involved.

Sincerely,

Robert Bunce, Executive Director  
West Contra Costa Public Education Fund

Kathleen Harris, President  
Board of Directors

# 2022-23 SCHOOL YEAR

The Ed Fund serves 56 schools in the cities of El Cerrito, Richmond, San Pablo, Pinole and Hercules and the unincorporated areas of Bayview-Montalvin Manor, East Richmond Heights, El Sobrante, Kensington, North Richmond, and Tara Hills.

## 56 SCHOOLS SERVED

5 K-8 schools

32 elementary schools

6 middle schools

8 high schools

4 alternative schools

# 25,737

students enrolled  
(during the 2022-23 school year)

## 58%

are classified as  
socioeconomically  
disadvantaged

## 31%

are English  
Language  
Learners

## 2%

are families in  
transition

## <1%

are foster  
youth

## MISSION

When communities work together to eliminate inequities, our youth will thrive. The West Contra Costa Public Education Fund mobilizes resources for our students and aligns the efforts of our partners to ensure that all students succeed in college, career, and life.

## VISION

All children and youth in West Contra Costa County will achieve their highest aspirations and help build healthy, safe, and vibrant communities for generations to come.

## EQUITY STATEMENT

In order to reverse the historic and societal failure in our schools, we will center Black students and families to support them in achieving their fullest potential. We believe by centering the most marginalized students, all students will thrive.

### 1983

Ed Fund founded in response to decrease funding for public education.

Began to offer mini grants.

### 1988

Introduced inaugural teacher excellence awards.

### 2005

Offered our first scholarships!

*The Ed Fund's bequests make an ongoing and lasting difference for WCCUSD students!*

### 2008

Schroeder bequest.

### 2011

Convened the West County College Access Network and Out-of-School Time Collaborative.

Bradley Arts bequest.

### 2012

Carrico bequest.

# 2014

Bell bequest.

# 2015

Transition to intermediary organization.

# 2019

Focus shifted to equity and shift to lead development partner in WCCUSD.

# 2020

The formation of WCCUSD COVID-19 Response Fund and R3F.

# 2021

Inaugural Black History grants.

Freggarrio bequest.

Strong bequest.

# 2023

Celebrating 40 years of the Ed Fund

## 40TH ANNIVERSARY

**The Ed Fund proudly celebrated its 40th year of dedicated service in West County.** Our Soaring to Excellence event gathered community members, teachers, and esteemed colleagues from WCCUSD to honor our 40-year legacy. Three special awards were presented to WCCUSD, acknowledging our long-standing partnership, Full Service Community Schools Support Collaborative for their commitment to developing systems to support high quality schools, and the Irene S. Scully Family Foundation for the unwavering support to the students of West Contra Costa. We also recognized our 13 deserving scholarship recipients and applauded the achievements of our 35th cohort of Teaching Excellence Award Winners.

**We wholeheartedly express our gratitude for your invaluable support in which this milestone would not have been possible. Cheers to 40 years of the Ed Fund and many more to come!**

Check our video out!

*To celebrate our 40th Anniversary, we're honored to share these stories of how the Ed Fund has supported educators and students in the West County community.*

# ED FUND IMPACT

*During the 2022-23 school year, your support made possible:*

**\$4,613,540.66**

FUNDS RAISED FOR FISCAL PROJECTS

**\$705,860.16**

FUNDS RAISED FOR WCCUSD INITIATIVES

**\$119,500**

DIRECT ED FUND GRANTS  
AWARDED TO SUPPORT WCCUSD

**\$28,750** BACK TO SCHOOL  
GRANTS AWARDED TO  
**115 TEACHERS**

**\$28,342**

IN ARTS GRANTS AWARDED TO  
**40 PASSION PROJECTS**  
USING ART TO DISRUPT HISTORICAL INEQUITIES

**\$27,000**

BLACK HISTORY MONTH  
GRANTS AWARDED TO

**27** CLASSROOMS  
SCHOOL WIDE INITIATIVES  
& COMMUNITY EVENTS

**\$19,500.00**

IN SCHOLARSHIPS AWARDED TO

**13 STUDENTS**  
PURSUING HIGHER EDUCATION

## CLASSROOM MINI GRANTS & SCHOLARSHIPS

### BLACK HISTORY MONTH

At the Ed Fund, we have an ongoing commitment to dismantle barriers and create opportunities, ensuring that Black students, and by extension, all students, can discover their sense of belonging in a community that fully embraces the richness of their history and unique experiences. In 2022, **the Ed Fund awarded \$27,000 in Black History Month Arts grants** which supported 27 classroom, school-wide initiatives, and community events. These grants empower educators and community members to create an inclusive educational environment where all WCCUSD students can learn about the contributions and achievements of Black individuals to promote diversity and a more equitable and understanding society, instilling a sense of pride and belonging.

### BRADLEY ARTS GRANTS

Thanks to our Bradley Arts Bequest, we were able to award 40 classroom grants in 2022-2023. The support of the Brad Bradley bequest has been essential to providing these grants every year to educators across the WCCUSD and funds projects that wouldn't happen without our support.

**Through this program, \$28,342.00 in arts education was funded!** Educators across the district submitted their passion project and provided students with incredible learning experiences this past school year. Please visit our website to see all these amazing projects.

*Students from Middle College High School's Leadership class and Black Student Union joined forces to organize a school-wide Black History Month Rally and Celebration.*

### BACK-TO-SCHOOL MINI-GRANTS

We all agree that being a teacher is hard enough without having to spend your own money on your classroom. With the average teacher spending over \$650 of their own money, **we were overjoyed to be able to award 115 teachers Back-to-School Grants, totaling \$28,750!** This was the first year we've held this grant opportunity for our educators and hope to be able to continue to provide this funding opportunity to educators with your support in the future.

# SCHOLARSHIPS

The Ed Fund distributed scholarships totaling \$19,500 to our 13 scholars from the class of 2023 - recipients of the African American Scholarship, Schroeder Family Foundation Scholarship, Freggarrio Family Scholarship, Contra Costa Chorale Vocal Music Studies Scholarship, and Makana Pule Scholarship. We anticipate the promising futures that await them as they pursue their education at institutions such as USC, UCLA, UCB, Napa Valley College, Virginia State University, and more. Our donor-funded scholarships make it possible for students to see themselves and to succeed in higher learning environments. We thank you for your support for our students!

*"Thanks to the Ed Fund and the Schroeder Family Foundation Scholarship, my family and I can feel more confident in supporting my higher education journey, and I am one step closer to achieving my dreams. This scholarship serves as a great help and we are so grateful."*

- Sara Alvarez

El Cerrito High School, Class of 2023

*Meet our 2023 Scholars!*

# TEACHING EXCELLENCE AWARDS

**For the last 35 years, the Ed Fund has recognized the outstanding contributions of teachers in the district through the Teaching Excellence Awards.**

These awards celebrate educators who consistently go above and beyond, placing students at the heart of the educational experience. This year, our selection process focused on teachers who demonstrated commitment to social-emotional learning and prioritized the needs of marginalized students in their teaching practices. After insightful classroom observations and interviews, the Ed Fund, in collaboration with WCCUSD, proudly presented Teaching Excellence Awards to four remarkable teachers who reminded us of the transformative power of education in shaping a brighter future for every student in our district. Congratulations to you all!

- **Maria Dizon**, Michelle Obama Elementary School, Grade 4
- **Dorcas Sims**, Nystrom Elementary, 5th/6th Grade General Education
- **Andrew Wilke**, Richmond High School, Music Director
- **Patricia Ogura**, Hercules Middle/High School, 6-12 Special Education

# SUPPORT FOR WCCUSD

During the 2022 - 23 school year, we raised \$705,860.16 to support WCCUSD initiatives and positions. Combined with the funds raised for our fiscal projects, the Ed Fund brought in over \$5.5 million to support a range of projects and positions that support our students and wider community. Through our holistic approach to fund development we proudly present some of our many contributions to the West Contra Costa Unified School District.

## STEM PROGRAMMING

Early STEM education has been a priority for WCCUSD and the Ed Fund over the past few years. In partnership with WCCUSD, our goal is to support curriculum and develop programs that provide a world-class education in STEM for our students.

Thanks to Chevron, we've received \$75,000 to support early STEM education, the FabLab, and Welding Lab at Kennedy High School. The Ed Fund also raised \$150,000 in partnership with the Cowell Foundation to provide Zearn math curriculum for all 32 WCCUSD elementary schools. These licenses supported over 12,000 students in achieving academic success in math.

## LEARNING LOSS

One of the biggest concerns of the 2022-2023 school year was how to best support our students' academic needs as they returned to the classroom after distance learning. The district approached the Ed Fund with a request to support district-wide implementation of i-Ready, a top-rated instructional and assessment platform. Through our partnership with the Hellman Foundation, we were able to support the district with \$375,000 in grant funding over the next three years. We look forward to seeing all our students improve as a result of this investment.

*"iReady program lessons help my students work independently to reach their goals. Due to the pandemic and some unfinished learning, students are at different levels and need extra lessons and support at their individual levels. After practicing on iReady, students show growth and success and this leads to improvement."*

- Maria Dizon

2023 Ed Fund Teaching  
Excellence Award Winner

# SCHOOL CLIMATE

## FULL SERVICE COMMUNITY SCHOOLS

Building on the shoulders of a movement that extends back to 2007, WCCUSD received a major boost to support their Full Service Community Schools Initiative in 2022 with a \$29.45 million grant from the California Community Schools Partnership Program (CCSPP). In 2023, an additional \$6M grant was awarded, supporting 26 sites with long-term community schools grant funding.

With these investments, WCCUSD is working to substantially expand and strengthen the community schools initiative. The Ed Fund has supported these efforts, securing \$50,000 to support project leadership and systems building through the esteemed Glen Price Group, bolstered community engagement by providing stipends to parent and community leaders to participate in the planning development of the initiative, and secure additional nonprofit partnerships to support our students at school sites.

## CLIMATE COACHES

In 2022, the Ed Fund worked with WCCUSD to develop a position to support the district's efforts to create inclusive and supportive school climates. Through this collaboration, the Ed Fund began housing three Climate Coach positions for WCCUSD. We are excited to lead this critical initiative for WCCUSD.

These Climate Coaches are supporting school sites with their implementation of Positive Behavior Intervention Systems, with an emphasis on training in restorative and healing-centered practices. Coaches also help sites use data to support schools in sustaining positive school climate practices, increasing students' positive behavior, and decreasing discipline disproportionality. We are excited to see the impact they will have on WCCUSD climate and culture in the years to come.

*Awardees for the Full Service Community Schools Support Collaborative receive recognition at the Ed Fund's 40th Anniversary celebration*

# HEALTHY SCHOOLS HEALTHY COMMUNITIES

## DIRECT SUPPORT TO FAMILIES: FIT & FOSTER/ARPA SUPPORT

Through our partnership with the Richmond Rapid Response Fund (R3F) and the Family and Community Engagement Department in WCCUSD, the Ed Fund directed American Rescue Plan Act (ARPA) pandemic relief funds and other grants to support Families in Transition (FIT) and Foster Youth, who are some of the most in need students in our district.

**\$47,400 TO SUPPORT  
WCCUSD FAMILIES**

**\$42,000**  
*Richmond Rapid Response Fund*

**\$5,400**  
*West Contra Costa Public Education Fund*

## \$4,613,540.66

OF THE GRANT FUNDS  
RAISED THROUGH THE  
ED FUND LAST YEAR  
WENT TOWARDS  
SUPPORTING FISCAL  
PROJECTS

Check out our 50+  
fiscal projects

The Ed Fund currently supports more than 50 individuals and organizations as a fiscal sponsor, making the Ed Fund the largest fiscal sponsor organization for WCCUSD. Fiscal Sponsorship allows organizations and individuals to focus on their project and/or programs without having to worry about grant management, contract writing, bookkeeping, operational staff, insurance coverage, bridge funding, and human resources expertise. This allows fiscal projects to focus on what matters most - serving our students, teachers, and families.

Last year, projects ranged from individuals serving as support staff at school sites and the district office, counseling students, leading dance and theater classes, to STEM, pickleball, and skateboarding programs.

## ROB SKATE ACADEMY

Enabling all students to reach their full potential is a priority for the Rob Skate Academy, the Ed Fund's newest fiscal project. Children's health and well-being contribute to their ability to learn so we were excited to introduce Rob Skate Academy in our Middle Schools as a way to change the social emotional approach used for our teens in WCCUSD.

Utilizing the natural curiosity with extreme sports in this generation, this incredible after school program makes kids feel safe, included, and accepted, fostering positive, respectful interactions and healthy relationships - all contributing to a positive self image and improved school climate. Let's go skate!

## WEST COAST CHESS ALLIANCE

The West Coast Chess Alliance (WCCA) is another amazing program under the fiscal sponsorship of the Ed Fund. TC Ball, "The Black Knight," founded the organization and is dedicated to spreading the many educational and social benefits of leveraging chess to engage, enrich and empower young minds living in our communities.

WCCA provides low-cost chess instruction to WCCUSD elementary schools, free community chess workshops and tournaments, family chess nights and numerous community chess tournaments in partnership with the Richmond Recreation department. Through TC's tireless championing of chess, the Richmond's City Council issued a proclamation declaring October as "Chess Month," encouraging residents to play chess with local youth and attend the Richmond Chess Festival. Who's ready to play?

## WEST COUNTY READS

**Kids who have access to great books become readers. There is simply nothing that makes teaching reading easier, that gets kids reading with tremendous volume, or that lifts reading skills higher than a collection of truly fabulous books.**

Founded in 2001 by Robin Wilson, West County Reads is a volunteer-driven organization that promotes family literacy through events, activities, and book giveaways. Last year, West County Reads launched their most ambitious project to date, opening the West County Book Depot at Stege Elementary School. The depot provides free books to any professional working with kids, with a specific focus on building classroom libraries for our teachers. We couldn't be more proud of Robin and her decades of service to building literacy in our community.
