

Dear Community Champion,

Our students, teachers, parents and community members have been in distance learning since March of last year. Through this unprecedented time the Ed Fund saw so many rallying behind the communities we serve--and one thing we can never forget is the impact educators have on our lives. We know that it is caring adults that guide and inspire countless students each year, especially during this year. The Ed Fund believes in celebrating their hard work and we are excited to announce our 33rd Annual Soaring to Excellence Virtual Celebration, to be held on Thursday, May 6, 2021! We truly believe and understand we go farther together, and this year we will recognize our Teaching Excellence Award winners and scholarship recipients for 2021.

Since 1983, the Ed Fund has been an essential partner to West Contra Costa public schools by supporting students and teachers through providing classroom grants and college scholarships, coordinating initiatives that support student achievement, and supporting strategic fund development for the district. The Ed Fund collaborates with the West Contra Costa Unified School District ("District") public schools and community partners to ensure all students realize their full potential. Our work supports students in El Cerrito, El Sobrante, Hercules, Kensington, Pinole, Richmond, and San Pablo.

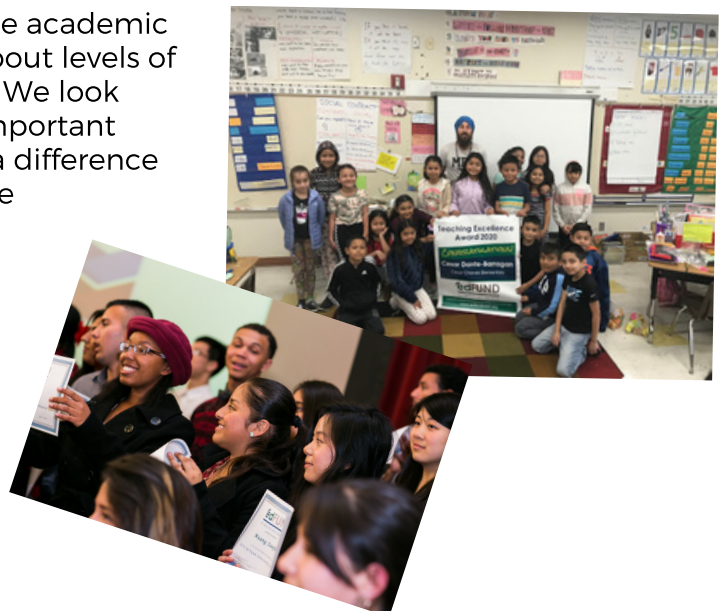

The Ed Fund understands the opportunities and challenges this community faced and continues to face during the COVID-19 pandemic and we want to recognize and celebrate all the hard work that goes into the shift to distance learning and the process towards returning to campus. We believe that together, through a strong multi-sector approach, we can support our communities' goal that every student acquires the skills and knowledge to succeed in the world. As we look to returning to campus, our students face historic learning losses due to school closures. Our teachers and students need your support. What can you and your organization do to help? Your individual and/or corporate sponsorship for this Virtual Celebration is key to its success and to empowering our community as we continue to mobilize resources for greater access to opportunities for our students.

All of our sponsors share a deep commitment to the academic advancement of our children and youth. Details about levels of sponsorship packages are included with this letter. We look forward to your underwriting this wonderful and important event. Your tax-deductible contribution will make a difference in the lives of our children and help us celebrate the community.

Sincerely,

Jasmine Jones
Executive Director
